TOTAL				

*We need your child's shoe size in European units, or their foot measurements. Measure the length of your child's foot and the circumference (around the ball, just below the toes). If ordering a closed shoe, have the child wear socks. Also try applying some weight (have the child stand or press the foot against flat surface). Give us these measurements in either inches or cm and we'll figure out the size. If the shoes are returned due to incorrect sizing, there is a 25% restocking fee.
